

2011 ACBA Hall of Fame

Bob and Judy Ingersoll

Bob and Judy Ingersoll have been active in the ACBA and their local club, Columbine Cavy Breeders, since 1989. They have attended all ACBA and ARBA conventions since 1989, except for missing one ARBA and two ACBA conventions. They have long been part of the backbone of the ACBA, serving in many capacities and behind the scenes, helping at shows and conventions. Bob has not hesitated to help with set-up, cleanup, or anything else that needed doing. It is traditionally "Bob's job" to adjourn the ACBA

doing. Gently and quietly, they do what needs to be done. Whenever anybody asks a question, they are ready and eager to talk about cavies, not trying to sell animals, but just to give the information needed.

Their attitude was always a happy one for whoever won at the shows, even if it wasn't their turn. They had plenty of turns too, with their lovely animals... but were always humble about any winning they did.

They were instrumental in the 4-H program, providing guidance and good quality cavies to the youth. They supported the David Hardesty Memorial Youth Award.

It isn't just for new cavy breeders Bob and Judy have gone out of their way. When one member was in the hospital, Bob and Judy

were there for him, and presented a special t-shirt signed by members at the ARBA Convention. This is kind of giving, of their time and energy, has lifted the spirits of many.

The 4 Corners Friendship Shows would not exist without their tireless support and organization...and that is the word for them, TIRELESS, stepping up when needed, and carrying the torch, many times alone.

Finally, Bob and Judy have always dearly loved their cavies, and also the people that work with them. How appropriate, then, they are now being recognized as our newest ACBA Hall of Fame members.

General Meeting at national shows.

Bob was ACBA newsletter editor for two years. He was District 4 Director. Judy followed him and has been District 4 Director for the past six years. Judy has also helped with the youth contests for many conventions.

They have served in a variety of positions within the Columbine Cavy Club and promote the cavy fancy everywhere they go. They have provided countless adults and youth with top quality animals.

They currently have about thirty cavies, but have had as many as 220 in their caviary, Little Rascals Cavy Corner. They have won Teddy and Teddy Satin breed at several conventions as well as other awards. Their service to the fancy has been significant and invaluable.

For many years, Bob and Judy have been quietly helping behind the scenes. They are the ones who DO, but do not boast for
